To the Honorable James R. Thompson, Governor, and The Honorable Members of the Illinois General Assembly

I am pleased to transmit to you the 1984 Annual Report of the Office of Commissioner of Banks and Trust Companies.

In 1984, Illinois banking, while responding to deregulation and a dynamic market place, experienced continued growth, increased trust activity and expansion of electronic banking services. During the year, total assets of state chartered banks and foreign banking offices increased more than 11.9% to $69.2 billion. Over 400 banks and almost 100 other financial institutions are now engaged in electronic funds transfer activity. Nearly 44 million transactions through automatic teller machines and point of sale terminals occurred last year. Trust assets under Agency supervision increased 18% to $307 billion.

Besides maintaining our statutory directive of a safe and sound state chartered banking system, three significant Agency accomplishments during 1984 are worthy of specific mention. First, implementation of word processing systems in both the Springfield and Chicago offices improved examination report quality and reduced document turnaround time.

Second, a thorough review and revision of examination procedures improved efficiency and placed greater emphasis on analysis of bank management.

Third, and certainly most significant, in late November, Illinois became the first State banking department in the nation to receive full accreditation from the Conference of State Bank Supervisors. This recognition clearly demonstrates the professionalism and performance standards of the employees of this Agency and the quality of the important work they do. Accreditation could not have occurred without the outstanding cooperation the Agency receives from the Illinois General Assembly, the Thompson administration and, indeed, the Illinois banking industry itself.

Review of 1984 Agency activities must include comment on some of the severe stresses faced by the banking industry. Three of our state banks had to be closed and two were merged into other banks under emergency provisions of the Illinois Banking Act. In all these actions, uninterrupted service to banking customers and local commerce was maintained. It should be noted that the three closed banks and two merged banks represent significantly less than 1% of the assets of Illinois state chartered banks.

The Office of Commissioner of Banks and Trust Companies seeks to maintain its commitment to assure safe, sound and responsive banking and trust services for the people of Illinois for 1985 and beyond. The ever-changing atmosphere within which the delivery of banking services to the public is taking place presents a major challenge to our personnel. We are confident that with mutual commitment from the Illinois state banking industry, the employees of this office, the Illinois General Assembly and your administration, Governor, essential and effective banking services will continue to be provided the people of this State.

Thank you.

Respectfully yours,

William C. Harris
